College Development Committee

In accordance with Section 97 of the Maharashtra Public Universities Act of 2016, the College Development Committee was established.

The Committee convenes and offers suggestions for raising the caliber of instruction at the college. It also considers issues such as student discipline, staffing patterns, and workload distribution. It determines the program of teachings and internal evaluation and discusses on the progress of studies at the college.

Aim- The University has established a statutory committee called the College Development Committee (CDC) to oversee the academic administration of the institution.

To create a comprehensive development plan that addresses the college's academic, administrative, and infrastructure needs and enables it to promote excellence in its extracurricular, cocurricular, and curricular offerings.

To determine the college's annual schedule or overall instructional programs

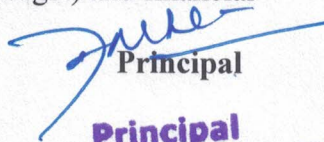

To make suggestions to the management about the inclusion of new academic programs and the hiring of more instructors and administrative staff;

to evaluate the college's self-financing courses and offer suggestions for their enhancement;

Objectives-

1. To create a comprehensive development plan that addresses the college's academic, administrative, and infrastructure needs and enables it to promote excellence in its extracurricular, cocurricular, and curricular offerings.
2. To determine the college's annual schedule or overall instructional programs
3. To make suggestions to the management about the inclusion of new academic programs and the hiring of more instructors and administrative staff;
4. To evaluate the college's self-financing courses and offer suggestions for their enhancement;
5. To offer specific suggestions to the college's management in order to support and enhance the college's research culture, consulting, and outreach programs;
6. To use extension programs to deliver community-based outreach services.
7. To provide the management with particular suggestions on how to promote academic partnerships in order to improve teaching and research;
8. To provide the college's management with particular recommendations for promoting the use of ICT in the teaching and learning process;
9. To provide the college with specific recommendations for enhancing instruction and designing appropriate training programs for its staff;
10. To compile the college's or institution's yearly financial forecasts (budget) and financial statements and suggest approval to the management;
