## Mask Distribution Report: Tulsi College, Beed

**Date:** 17-06-2020

**Location:** Various Villages in Beed District

**Organized by:** Tulsi College of Computer Sci & I.T Beed.

### *Introduction*

In response to the ongoing health challenges posed by the pandemic, Tulsi College organized a mask distribution initiative aimed at promoting public health and safety in nearby villages. The event took place on [insert date] and involved students and faculty members actively participating in community service.

### *Objectives*

- To provide face masks to underserved communities to help prevent the spread of COVID-19 and other respiratory diseases.
- To raise awareness about the importance of wearing masks and maintaining hygiene practices.
- To engage students in community service and foster a sense of responsibility towards public health.

### *Activities Conducted*

#### 1. **Preparation and Planning:**

- The organizing committee coordinated with local health authorities to determine the need for masks in specific villages.
- A total of [insert number] masks were procured and prepared for distribution.

#### 2. **Awareness Campaign:**

- Prior to distribution, informational pamphlets highlighting the importance of mask-wearing and hygiene practices were prepared.
- Students were briefed on how to communicate effectively with community members about health and safety.

### 3. **Distribution Process:**

- Teams of volunteers were formed, each assigned to different villages.
- Masks were distributed directly to villagers, along with pamphlets that provided guidance on proper mask usage and hygiene.

### 4. **Engagement Activities:**

- Interactive sessions were conducted in some villages to educate residents about COVID-19, its transmission, and preventive measures.
- Community members were encouraged to ask questions and share their concerns regarding health and safety.

#### *Participation*

The initiative saw enthusiastic participation from over 02 students and faculty members, as well as active engagement from local residents.

#### *Outcomes*

- A total of 420 masks were distributed across 03 villages.
- Increased awareness among community members regarding the importance of wearing masks and maintaining hygiene.
- Strengthened relationships between Tulsi College and local communities through collaborative efforts in health promotion.

#### *Conclusion*

The mask distribution initiative by Tulsi College was a commendable effort to contribute to public health during challenging times. The active involvement of students not only provided essential resources to communities but also instilled a sense of civic duty among participants.
